APPOINTMENTS

BHRC

Ryan Collins from Buckeye Hills Regional Council presented the Commissioners with the list of project profiles received at the beginning of the year for ARC funding. Commissioner Ogle stated that they would review the list and if there were any questions she would call.

Ryan discussed a small team getting together for a community program by Broadband Ohio for their second round. Hocking County does not have a broadband plan yet, so Ryan thought this would be a wonderful opportunity. No match of funds required. This is a 10 week program with Broadband and OSU Extension offices around the State, and an organization through Benton Institute. Application was given to the board, a small questionnaire.

Commissioner Ogle asked for Ryan's phone number, and he supplied the best contact information. Commissioner Dicken thanked Buckeye Hills for their update.

APPOINTMENTS

HAPCAP

Nate Simons from HAPCAP discussed options moving forward with the West Street sewer project, to help resolve the issue of budget compared to bids. Some options discussed were possible funding sources and discussion with a contractor that did previously bid but the bid was over budget and rejected. Nate recommended holding prebid meetings so contractors could go on site and see the job and see first hand what is expected.

Commissioner Ogle mentioned that Falls Township is meeting on the 16th of this month, and she will be attending to take them the plans of the project, and request assistance with the funding to close the gap between the Engineer's estimate and bidding numbers. It was discussed how a contributing financial source pays for a project such as West Street. Nate Simons answered that they would basically invoice the financial source, and that money would go towards an invoice for the contractor. It could be the first contractor invoice, or the last. Up to the source. It was clarified that if the county ends up being the financial source this funding will be supplied from the sewer fund, not general fund. Nate expressed he would view it as beneficial if he attended the township meeting with the Commissioner.

Commissioner Ogle asked how HAPCAP does their bidding process and what newspaper media they use, or online resources. Nate answered that they do use their site, along with newspapers, and a google doc to all their previous contractors. Commissioners thanked Nate for coming.
