RE: HOCKING COUNTY FTP SITE

As you may or may not be aware, On October 17, 2006, Hocking County Tax Maps became available on the Internet. An FTP site was set up on the existing County Web Page so the public could access our Tax Map files www.co.hocking.oh.us .

It has been three years now and considering the few problem inquires and all of the compliments we have received would say this process has been a success.

We have added many other maps, text files and information since then which may be useful to you. If you have not checked out the site or it has been some time you may want to take a look. We update some of these files weekly and others not quite so often (see dates on individual folders).

Additional files may be added to the site as they become available or the need arises. We want this site to be helpful so please pass this information on to whoever may have interest and make us aware of any problems, questions or comments you may have. We look forward to your comments good or bad.

Sincerely,

Frank Nelson, Head Draftsman

Wesley Barber, Draftsman

Charles Worthington, Draftsman
