317 BOARD

The 317 Board creates a network of care for people who need treatment for mental illness and/or alcohol and drug addiction by contracting with local agencies to deliver services to our friends, families and community members.

Among the many activities of the Board we also obtain funds, design policies, and monitor services for those seeking help.

> "Believe in yourself. You are braver than you think, more talented than you know, and capable of more than you imagine."
